

§ 15497.5. Local Control and Accountability Plan and Annual Update.

Introduction:

LEA: Ánimo College Preparatory Academy

Contact: Annette Gonzalez, Chief Academic Officer, angonzalez@greendot.org, 323-565-1600

LCAP Year: 2016-17

Local Control and Accountability Plan and Annual Update

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: *degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)*

Implementation of State Standards: *implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)*

Course access: *pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)*

Expelled pupils (for county offices of education only): *coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)*

Foster youth (for county offices of education only): *coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)*

B. Pupil Outcomes:

Pupil achievement: *performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)*

Other pupil outcomes: *pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)*

C. Engagement:

Parental involvement: *efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)*

Pupil engagement: *school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)*

School climate: *pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)*

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
<p>During the 2015-16 school year, the School used several outreach strategies to engage with stakeholders on the LCAP. The School’s efforts began in March 2016 when the School Principal and Cluster Business Manager reviewed the 2015-16 LCAP with the School Advisory Council (“SAC”). The SAC is comprised of administrators, teachers, counselors, classified staff members, parents and students. The SAC also includes representation from the Asociación de Maestros Unidos, the union that represents Green Dot’s certificated staff.</p> <p>Following that review, the Green Dot Public Schools CA Home Office (“Green Dot Home Office”), including members of the Education, Knowledge Management, Policy & Public Affairs, Finance & Accounting and Operations teams, provided the School with updated data for each goal to help monitor and track progress for the 2016-17 Annual Update.</p> <p>The Green Dot Home Office reviewed the 2016-17 Annual Updates across all Green Dot middle and high schools to identify trends, achievements and areas for improvement. This information was also shared with the Green Dot’s Board of Directors Education Committee on 06/16/16, which includes the President of the Asociación de Maestros Unidos</p> <p>In conjunction with the different stakeholder groups, the Green Dot Home Office worked with School Leadership to update the 2016-17 Three-Year LCAP, taking into account the progress identified on the Annual Updates, revisions to actions/services, and updates to future expenditures. The 2016-17 LCAP was presented to the School Advisory Council during the May 2016 SAC meeting. The SAC reviewed the LCAP, including areas in the Annual Update where targets were missed, and provided feedback on additional actions/activities to address these areas in the future. Afterwards, the SAC approved the 2016-17 LCAP.</p> <p>The School LCAP was presented to the Green Dot Governing Board on 06/29/16 for final approval. The LCAP was submitted to the Authorizing School District and the Los Angeles County Office of Education prior to 06/30/16.</p> <p>The Green Dot Home Office, School Leadership and SAC will regularly monitor and evaluate progress made towards the School’s LCAP goals.</p>	<ul style="list-style-type: none"> • Updated the calculation of several metrics to align with the methodologies requested by CA Department of Education or Local Authorizing Entity • Updated one goal to align better align with available data • Supplemented Section 2 with new activities, services and expenditures to support the School in meeting all LCAP goals and targets • Renumbered goals to improve fluidity of LCAP due to condensation to 5 over-arching goals from the 2014-15 to the 2015-16 LCAP

Annual Update:
See above for the stakeholder involvement process for the review and update of the 2016-19 School LCAP and 2015-16 Annual Update.

Annual Update:
See above for the stakeholder involvement process for the review and update of the 2016-19 School LCAP and 2015-16 Annual Update.

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Actions/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement” (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA’s goal(s) to address any locally-identified priorities?

- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

GOAL:	Provide for Basic Services	Related State and/or Local Priorities: 1 <u>X</u> 2 <u>X</u> 3__ 4__ 5__ 6__ 7 <u>X</u> 8 <u>X</u> COE only: 9__ 10__ Local: Specify _____
-------	----------------------------	---

Identified Need:	<ul style="list-style-type: none"> To provide and maintain Basic Services for students and schools To ensure students have access to a broad course of study To ensure students have access to a broad course of study and pupil outcomes are measured in applicable subject areas

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Original GOAL from prior year LCAP:	Provide for Basic Services 1) Maintain the appropriate assignment of teachers, fully credentialed in the subject areas and for the pupils they are teaching	Related State and/or Local Priorities: 1 <input checked="" type="checkbox"/> 2__ 3__ 4__ 5__ 6__ 7__ 8__ COE only: 9__ 10__ Local : Specify _____

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	This goal was updated to track the progress of students at each level of the CELDT to determine whether individual students are showing progress, which is defined as improving by at least one overall performance band in each annual test. As such, data from the 2015-16 school year is benchmark data.

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?

The goal for Average Daily Attendance is 90%. The subgroups of African-American students (89.5%) and Special Education students (89.2%) missed the goal by less than 1%. In order to increase ADA for these subgroups, the school will utilize the counselor and Parent Coordinator to provide targeted intervention for students who have excessive absences through phone calls, parent conferences and home visits as needed.

The goal was updated from "16" to "18" in the 2016-17 LCAP to improve fluidity of the document.

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds	\$ <u>1,109,934</u>
<p>Projected supplemental and concentration funds in the LCAP year are \$ 1,109,934. The funds will be spent on improving the charter-wide educational program and meeting the academic goals specified in Section 2 of the LCAP. Note that the school has an unduplicated count percentage of 90% and therefore, it is deemed appropriate and effective to provide services to these students on a charter-wide basis. In addition, the needs of the unduplicated count population are met based on the charter-wide educational model and no additional services need to be provided.</p>	
<p>In order to meet the needs of its diverse student population that school will look to implement Green Dot’s academic model with fidelity.</p>	
<p>The model outlines the framework that allows Green Dot teachers and administrators to be successful and focuses on four key elements: 1) Ensuring Quality Teaching and Instruction, 2) Cultivating a College-going Culture, 3) Eliminating Barriers to Learning, and 4) Promoting Leadership and Life Skills. Implementation strategies are provided in the areas of curriculum, student intervention, professional development, parent participation and school operations to help principals and teachers make the most informed decisions for their schools.</p> <ol style="list-style-type: none"> Ensuring Quality Teaching & Instruction: Dedicated, effective teachers with a passion for their work and their students are at the heart of the Green Dot model. Green Dot ensures high quality teaching and instruction in every classroom through its research-based methods of instruction, teacher effectiveness initiatives and robust professional development and supports. At the heart of The College-Ready Promise (TCRP) TCRP Teacher Development and Evaluation System is the College-Ready Teaching Framework (“CRTF”) – a rubric that defines the core competencies expected of all Green Dot teachers. In addition, teachers will be able to pursue professional development and coaching support from the Instructional Coaches as well as from the Green Dot Home Office Education Team. Cultivating a College-going Culture: Green Dot strives to attain high college acceptance rates by creating a culture of college-for-certain. School leaders create systems for ongoing academic counseling with counselors and advisor and offering college tours at every grade level. In addition, the school master schedule offers elective courses that support core content development (i.e., drama), as well as pre-AP pathways (i.e., honors courses in middle school and high school). Courses are structured to build students’ key cognitive strategies: intellectual openness, analysis, reasoning, accuracy and precision, and interpretation. School classrooms demonstrate the successful implementation of behavior management strategies. Support is provided to build key behaviors necessary 	

for success in high school and college, such as self-monitoring, persistence, independent preparation abilities, and college-level study skills. Lastly, all Green Dot schools provide support to build students' contextual awareness of college systems and culture.

3. **Eliminating Barriers to Learning:** Students come to Green Dot from a variety of backgrounds. Academically, many are far behind grade-level. Socially and emotionally, many require emotional guidance in order to be able to succeed academically. Green Dot strives to provide the academic intervention, counseling and clinical services necessary to breakdown these barriers. Green Dot school leaders successfully implement all three tiers of the Response to Intervention Model by appropriately providing intervention in literacy, math, English Language Development and Special Education. Green Dot schools offer an Advisory program that provides academic guidance, school culture & safety; college and career; and personal development. Additionally, each school provides a menu of wrap-around services: mental health supports and psychological services; counseling groups; mentoring programs; and links to community partners for health and wellness programs.
4. **Promoting Leadership & Life Skills:** Green Dot aims to provide students with a broad set of tools, behaviors and skills to prepare them for college and beyond. Systems for student leadership such as student government, our student ambassador program, student mentorship, and the Principal's Advisory Committee give students internal leadership experience. External experience is available through partnerships with community programs, including public speaking opportunities, job shadowing, volunteer work, mentorships, and summer internships. Advisory programs teach and promote life skills and help to reduce dropouts, foster youth development, enhance academic achievement, and promote whole-being development.

The schools' educational program will successfully meet the needs of its diverse student population. Examples of these supports include:

- Implementation of all three tiers of the Multi-Tier System of Supports in Literacy, Math, English Language Development and Special Education
- Intensive interventions for students requiring additional enrichment and support, including Literacy Enrichment, Math Foundations, individualized tutoring, classroom push-in and co-teaching models and small strategic groupings
- An Advisory program for all students to prepare them with the tools and behaviors to succeed in high school, college, leadership and life – covering topics such as: academic preparation, promotion of college awareness, developing strong peer relationships, developing life skills in areas such as resiliency/grit, growth mindset, organization, communication, health/nutrition and personal finance
- Integrated wraparound services to help address social and non-academic barriers to student learning including small group counseling and individual student counseling
- Proactive and positive student behavior management, including various alternatives to suspension
- Opportunities for students to explore student leadership and other interests through participation in elective courses, student government, after-school programs and clubs
- Special education programs that cultivate collaboration between general and special education teachers to guarantee that students with disabilities are integrated into the school to the maximum extent possible to allow them full access to all programs.

The school has developed a research-based curriculum appropriate to the student demographics it serves that includes the following: course offerings, textbooks, curriculum maps, pacing guides, sample lesson plans, interim assessments and intervention programs. The model is derived from the following continuum of research-based practices:

- **Planning and Preparation:** Based on Essential Elements of Effective Instruction by Madeline Hunter.

- Madeline Hunter developed the teacher “decision-making model” for planning instruction known as Instructional Theory in Practice (“ITIP”). This approach to teaching uses Direct Instruction (“DI”) as the framework for planning. DI refers to a rigorously developed, highly scripted method that is fast-paced and provides constant interaction with students.
- **Assessment and Learning:** Based on Understanding by Design: Backwards Design by Jay McTighe and Grant Wiggins.
 - The emphasis of Understanding by Design (“UbD”) is on “backward design,” the practice of identifying the desired outcomes in order to design curriculum units, performance assessments and classroom instruction that will enable students to achieve these outcomes. The backward design approach is developed in three stages. Stage 1 starts with educators identifying the desired results of their students by establishing the overall goal of the lessons by using content standards, common core or state standards. Stage 2 focuses on evidence of learning by assessment.
 - Teachers plan performance tasks and evidence of understanding. Performance tasks determine what the students will demonstrate in the unit and what evidence will prove their understanding. This can include self-reflections and self-assessments on learning. Lastly, Stage 3 lists the learning activities that will lead students to the desired results.
- **Instructional Techniques:** Based on Teach Like a Champion by Doug Lemov.
 - Teach Like a Champion offers effective teaching techniques to help teachers become champions in the classroom. Additional details provided in the section entitled “Instructional Design, Methods and Strategies.”
- **Classroom Environment:** Based on “Safe and Civil Schools” by Randy Sprick.
 - Safe & Civil provides high-quality programs and staff development services to help educators create proactive and positive behavior management strategies in schools. These sessions include school walk-throughs with Safe & Civil program administrators to observe discipline and school culture. Findings from these sessions are compiled to create school-specific professional development for teachers and the necessary supports to create an environment where students can learn and where teachers can teach.
- **Culturally Responsive Pedagogy:** Green Dot Public Schools believes that culturally responsive pedagogy can increase student engagement, provide access to content, and as a result, bolster feelings of confidence and understanding in students.

Academic Support and Intervention is based on incoming student need and a schedule of intervention and acceleration courses will be available to students so that all students can complete the required courses:

- **Summer Bridge:** Summer Bridge is a recommended multi-week summer program that acclimates students to the culture of the school, high expectations and the development of a trusting community. During the Summer Bridge program, students will also be identified for special needs, English Learner levels, non-proficiency in standards and social-emotional supports, and staff will make the necessary adjustments to the master schedule to better accommodate them. Students receive standards-based instruction in Math and English Language Arts and are acclimated to the culture and expectations of the school. Students will engage in culture-building exercises that promote a positive community of trust and respect. Social and personal issues will also be surfaced in small group settings complemented with educational field trips.
- **Literacy Intervention/Enrichment (Read 180):** Literacy Intervention/Enrichment is a standards-aligned program for reading is provided to students that test low in reading. Typically, this course is given to students through an elective class.
- **Math Foundations:** Students who are struggling in Math (not proficient and/or recommended by their Math teachers) will receive an additional period of Math support, where their teacher and tutors will work on skill building through their current curriculum, as well as remediation strategies to strengthen skills in group tutorial and one-on-one formats.
- **English Language Development (“ELD”):** ELD classes are provided for students entering school as beginning ELLs. Based on CA ELD standards, these classes aim to improve the English listening, speaking, reading and writing skills of beginning students to at least intermediate proficiency.

- **Special Needs/Academic Success:** Designated SPED students will be provided extra support to reflect the needs outlined in the Individualized Education Plan (“IEP”) and in all of their academic courses through one-on-one instruction, group support and guided instruction.
- **Homework Club:** Students who are struggling with a particular class or want more support in subject can attend Homework Club, which is offered an hour every day after school and run by a credentialed teacher and/or college interns.
- **Office Hours:** Teachers hold office hours twice a week after school to provide additional support.
- **Afterschool Program:** Students who are not achieving a satisfactory grade within a particular class or simply want more support in a subject can attend tutoring, which is offered for an hour every day after school.

Social and Life Skills Development is a key component of the school meeting the diverse needs of its student population including the establishment of an advisory course and clinical services available to all students.

Students will participate in an Advisory class with the same group of students for their school career to maintain a tighter sense of community. Advisory serves as a structured time and space for students to reflect on their learning and to discuss the connection between learning and life-long success. Advisory activities are organized around four pillars: 1) school culture and safety, 2) academics, 3) social life skills and 4) civic engagement. During Advisory, students will:

- Discuss issues related to the pressures of being a young adult in middle school including but not limited to puberty, relationships, mental health, family, substance abuse, etc.
- Acquire different study skill strategies, test-taking strategies and communication tools that will enable them to succeed in their academic career
- Learn about the college process as they are encouraged to think beyond middle and high school in an effort to realize that the tools they gain today will be beneficial in the near future
- Gain self-efficacy skills that will allow them to address the barriers of learning with resiliency

We have built an Advisory course into the master schedule to serve as a level 1 intervention using the Response to Intervention Model (Rtl). Using the Rtl model, all students receive the core literacy and math courses as their Tier 1 instruction. In addition to the core courses, students who need more intensive intervention (Tier 2) and support with a lower student-to-teacher ratio are provided with math and literacy interventions classes. If the student continues to struggle, the Rtl team will determine if there are specific individual interventions (Tier 3) necessary to address the student’s needs or if a referral to the Student Success Team is required.

Our Clinical Services team provides individual, group and family therapy to the students and families, and serves as a level 2 and 3 intervention within the Rtl model. The main purpose of our clinical services program is to address the barriers to learning from the mental health perspective. In addition, we provide crisis intervention, parent consultation, teacher consultation, and case management which include providing resources and referrals to outside agencies.

In order to ensure services are provided free of charge, services are provided by pre- and post-graduate Marriage and Family Therapy, Psychology and Social Work interns who receive extensive training and supervision in exchange for their work. All services are supervised by one of our licensed Marriage and Family Therapists or Licensed Clinical Social Workers. Interns provide social and emotional counseling including small group and individual therapy.

The Clinical Services team uses a referral process for students to receive services. Once students and parents have consented to services, students have a case manager that follows them through the process of services. Students are provided Child Development Inventory

assessments along with other researched-based therapies. The Clinical Services team works with parents, staff, and students throughout the referral process to ensure they are aware of their options. Clinical Services provides a proactive approach to addressing the barriers of learning by utilizing prevention and wellness to enable our students to possess the necessary skills to navigate their academic and social skills

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

26	%
----	---

The LEA will improve its entire educational program by investing in additional technology to increase its ratio of students to computers, additional special education services to support high needs students, and instructional material to increase support for classroom learning experience.

- The school will offer a spectrum of special education services that may include a resource program, special day program, and programs for students classified as autistic, intellectually disabled, or emotionally disturbed. The programs are designed to foster a high-quality program for students with special education needs. Additionally, our special education programs cultivate collaboration between general and special education teachers to guarantee that students with disabilities are integrated into the school to the maximum extent possible to allow them full access to all programs.
- The school will offer ELD courses to prepare English Learners recently arrived in the U.S. for success in English-medium instruction, including English Language Arts. Skills in all four strands of language—listening, speaking, reading and writing—are systematically developed. Students of mixed grade levels are grouped according to proficiency in English. Cultural knowledge needed for success in U.S. schools is integrated throughout. The Green Dot EL Master Plan includes the new CA ELD standards and a five step process for the identification of English Learners including: 1) Initial Identification, 2) EL Proficiency Assessment, 3) Primary Language Assessment, 4) Parent Notification, and 5) Program Placement. Green Dot schools provide on-going training for administrators and teachers on the identification process.
- EL students are served through a variety of programs designed to meet their needs. These include ELD Programs (Levels 1- 4), Structured English Immersion and English Language Mainstream. These programs are built into the school's master schedule and take place within the school day. The school will work with the Human Resources (HR) Department to ensure appropriate staffing and authorizations for teachers in these courses.
- ELD courses are not recommended for students who have been in the U.S. longer the five years (Long-Term English Learners or LTELs), whose language and motivational needs are very different from those of relative newcomers. LTELs often demonstrate strong oral English skills, but lack academic language and vocabulary. In order to engage with the academic demands of the secondary school curriculum, these students require explicit instruction in academic uses of English with a focus on comprehension, vocabulary

development, and the advanced grammatical structures needed to comprehend and produce academic language in all content classes.

- Technology is widely used at the school to drive higher levels of achievement and prepare students for the information driven economy of the 21st century. It is also used as a critical tool for gathering data for school management. Technology investments will be made in the following areas:
 - Increased computing devices (e.g., desktops, laptops, Chromebooks) that are available for student use;
 - Each teacher is provided with a laptop and given training on effectively using technology in the classroom;
 - Courses often include web-based research projects and assignments;
 - Technology elective classes are included in the recommended curriculum to train students on computers and different software programs; and
 - A web-based student information and school management system (PowerSchool) is implemented at the school and used by parents, students and the school staff
